

Asset Management & Investment Funds - Monthly update - October 2024

Hello and welcome to the A&L Goodbody soundbite series. My name is Nollaig Greene and I am a Knowledge Lawyer in the Asset Management and Investment Funds team. I'm going to summarise our October 2024 regulatory bulletin.

In it we cover both Irish domestic developments and EU developments relevant to the Asset Management and Investment Funds space. You can find more detail in our monthly bulletin on our website.

On the domestic side we cover a list of deadlines, updates to some Central Bank submission processes including for UCITS OFR filings, the long awaited dividend participation exemption for foreign dividends which will come into effect from 1 January 2025, a Central Bank dear CEO letter on method to marketing communications, the Irish fund sector 2030 review, Central Bank speeches including a speech on ETFs and two Central Bank markets updates.

In EU and international developments we look at ESMA's 2025 work programme, the European Supervisory Authority's 2025 work programme and a joint statement from ESMA, the European Commission and the ECB on next steps for a transition to T plus one in the EU.

And that's our October 2024 summary. My email address is ngreene@algoodbody.com. Thank you.
