

Asset Management & Investment Funds - monthly update - September 2023

Hello and welcome to the A &L Goodbody Soundbite Series. My name is Nollaig Greene and I am a Knowledge Lawyer in the Asset Management & Investment Funds team.

I am going to summarise our September 2023 regulatory bulletin. In it we cover both Irish domestic developments and EU developments relevant to the Asset Management & Investment Funds space. You can find more detail in our monthly bulletin on our website.

On the domestic side we look at year end deadlines and a Central Bank speech on sustainable finance. And in EU and international developments the European Commission is consulting on SFDR implementation and options to improve the SFDR framework. The ESRB published a paper on the EU regulatory framework for investment funds and systemic risks. ESMA issued its second trends, risks and vulnerabilities report of 2023.

The ESAs issued their autumn 23 report on risks and vulnerabilities in the EU financial system. The Irish government issued a statement on its intention for Ireland to seek to host the EU Anti -Money Laundering Authority which would be known as AMLA.

And the FATF published its mutual valuation report on Luxembourg. And that's our September summary. My email address is ngreene@algoodbody.com.

Thank you.
