DORA QUICK LINKS: TECHNICAL STANDARDS AND GUIDELINES

This document provides links to the suite of finalised and draft technical standards and joint guidelines that have been published by the European Supervisory Authorities (**ESAs**) under the Digital Operational Resilience Act (**DORA**).

The document will be updated to incorporate final versions of the technical standards and guidelines that have yet to be published in the Official Journal.

DORA and the finalised technical standards and guidelines will apply from **17 January 2025**.

TECHNICAL STANDARDS

Finalised technical standards

Following adoption by the European Commission, three regulatory technical standards (**RTS**) were published in the Official Journal on 25 June 2024 in the form of three Commission Delegated Regulations. The RTS can be accessed at the following links.

- [RTS on ICT risk management framework and simplified ICT risk management framework](#)
- [RTS to specify the policy on ICT services supporting critical or important functions provided by third party service providers](#)
- [RTS for the classification of ICT related incidents and cyber threats](#)

JOINT GUIDELINES

On 17 July 2024, the ESAs published two sets of draft joint guidelines, which can be accessed at the following links.

Final draft technical standards

On 17 July and 26 July 2024, the ESAs published final drafts of the remaining RTS and implementing technical standards (**ITS**). The final draft RTS and ITS can be accessed at the following links.

- [Final draft RTS and ITS on reporting major ICT related incidents and notifying significant cyber threats](#)
- [Final draft RTS on harmonisation of conditions enabling the conduct of oversight activities](#)
- [Final draft ITS on standard templates for the register of information on contractual arrangements](#)
- [Final draft RTS on subcontracting ICT services supporting critical or important functions](#)
- [Final draft RTS on threat-led penetration testing](#)

- [Final draft guidelines on estimation of aggregated costs and losses caused by major ICT related incidents](#)
- [Final draft guidelines on oversight cooperation and information exchange between the ESAs and competent authorities](#)

NEXT STEPS

The final draft RTS and ITS are subject to review and adoption by the European Commission, following which they will be finalised and published in the Official Journal.

NEXT STEPS

The joint guidelines have been adopted by the Boards of Supervisors of the ESAs. They will be translated into the official languages of the European Union and published on the websites of the ESAs.
